The Royal Conservatory Music Development Program provides a recognized national standard of musical success through an effectively sequenced course of study from beginner to advanced levels. The Music Development Program inspires excellence through individual student examinations and allows students to celebrate accomplishment and track their progress with others

across the country. It also supports teachers with high-quality and innovative resources. All students deserve the opportunity to celebrate their musical achievements nationally. Join the growing community of teachers, students, and families who are discovering the benefits of the Music Development Program as it enriches their lives!

The Music Development Program encompasses four main areas:

Repertoire

- Each level includes a broad selection of pieces representing a variety of styles and periods.
- Repertoire selections are leveled progressively in difficulty.
- Periodic reviews of the repertoire keep selections fresh and innovative.
- Teachers and students can add favorite pieces through the Teacher's Choice and Own Choice selections.

Technique

- Each level of technique is designed to support the demands of the repertoire for that level.
- Technique includes scales, chords, arpeggios, patterns, and études.

Musicianship

- Musicianship is developed through a thoughtful and consistent approach to the development of reading and aural skills.
- Musicianship skills are developed in conjunction with repertoire goals and requirements.
- Musicianship skills give students a solid foundation for independent creative musical explorations.
